Las Vegas Planning and Development Department  
Current Planning Division  
731 South Fourth Street  
Las Vegas, NV 89101

Dear Sir or Madam:

I would like to express my opposition to several items going before the Planning Commission on April 27<sup>th</sup>, 2006. The items are MOD-11027, SDR-11034, VAR-11030, ZON-11031 and WVR-12368.

I oppose all the items on the following grounds:

When I purchased a home in the area of Cheyenne and the 215 Beltway, in the shadow of the mountains, it was largely because of the natural landscape, it is at the edge of the city limits, at the base of a mountain and would be less likely to become as over built as some of the areas in the Las Vegas valley. The original master plan for the area also called for a park and trailhead to the Southwest going up into the canyons and foothills, a sign at the curve of Cliff Shadows Parkway indicated as much. If I'm not mistaken, that area has now been largely rezoned for light commercial. I urge the commission to retain the original master plan and give the community a park and trailhead in that area.

The subject property is behind two medium sized commercial properties at the base of a very steep mountain. On the Northwest side of the subject property, adjacent to the commercial property at 3455 Cliff Shadows Pkwy, the space between the mountain and the property is extremely limited and by my layman's estimate does not provide sufficient space to put another building without cutting into the mountain. The area of McDonald Highlands in Henderson, NV is a stark example of destroying the natural beauty of the landscape in an effort to put a building on every square inch of "usable" land. I urge the City of Las Vegas to not repeat the City of Henderson's mistake.

Thank you for your consideration,

Neil Henderson  
Owner Resident  
Cliff Shadows Condominium Association
